winter white collection

Enviroleather prints . Debut wovens . Envirosil solid upholstery

GET INSPIRED

The New Neutrals

The Winter Whites collection reflects the Global Color Trend direction for 2023/24. Integrating a new collection of warm neutrals to accent and compliment the dark woods, veined marble, matte metal and organic glass interior trends featured at Maison Objet, Paris & Heimtextil Frankfurt for 2023.

Join us for a webinar preview of the collection.
March 3, 2023

Envirosil Revive

LDI's high-performance upholstery with balanced stretch for upholstering on new rounded frames. Colors including Canvas, Almond & Brunette anchor the patterns in the New Neutrals collection.

Debut Collection
California Enviroleather available in 72 colors

Maison Objet trend
Illustrating the shift to warmer greys and vanilla tones for interiors.

Lunaria
Core of the winter whites collection, available in 5 standard colorways.
